THE HAVEN PRACTICE

# Extended Hours

## We are Changing!

We would like to thank all of our Patients in participating in our Survey for offering appointments for Extended Hours.

The Survey Results have now been compiled and we are pleased to announce that from October we will be offering a Saturday morning clinic and alternate Wednesdays for our Extended Hours.

To ensure that you are all aware of what dates we are offering this service as a general rule we will offer a clinic on the first Saturday of the month and then alternate Wednesdays. Exact details of clinics will be posted on our Website each month.
