THE HAVEN PRACTICE

# Patient Registration

## Important Information

We regret to inform you that at present we are not currently able to accept any new patient registrations including temporary residents.

The only exceptions to this will be Patients who have newborn or adopted babies who will be automatically registered and any relatives living in the same household of any current registered patient living within the Practice boundary.

We have taken this action to ensure that we are able to continue to safely practice NHS services to our currently registered patients.

This is a temporary measure and we will keep you updated via Reception and our Practice website when we are able to accept new patients.

If you would like assistance in locating a nearby Practice to register with please ask one of our Receptionists.
