THE HAVEN

THE HAVEN PRACTICE

# Named Accountable GP

## To all our Patients

Due to recent Government Legislation, we have allocated all of our patients including children on the practice list to a GP who is responsible for your overall care at the Practice.

This means that instead of being registered with “The Haven Practice”, you are now registered with either Dr Larissa Tate or Dr Guy Bidwell.

It still means you can see whichever Doctor you would like (depending on the day), and will make no difference to the care you receive or the way the Practice is run.

Our aim is to inform you of this in person or during your next visit to the Practice.
